

Specialty Drug List

This is a list of most specialty medications on the specialty tiers of the ClearScript Formulary.

What are specialty drugs?

Specialty drugs are medications used to treat rare or complex conditions and often require special handling or monitoring.

To ensure the safest, most clinically appropriate and cost-effective dispensing of these medications, your plan may require you to fill your prescriptions at a designated specialty pharmacy. Specialty pharmacies provide personalized care and offer convenient delivery to your home or other approved location.

Please refer to your benefit plan documents for information on your plan's coverage for specialty medications or contact ClearScript Member Services at the number on the back of your ID Card.

Important Note: This is not a complete list of all specialty medications. The drugs included on this list may not be covered by all benefit plans. Your benefit plan determines coverage for all medications. Additional coverage restrictions may apply for the medications included on this list. This list is subject to change throughout the year.

DISCRIMINATION IS AGAINST THE LAW

Final Rule Under Section 1557 for Nondiscrimination and Accessibility Requirements

We comply with applicable Federal civil rights laws and the Minnesota Human Rights Act. We do not discriminate against, exclude, or treat people differently or deny any person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation because of race, color, creed, religion, national origin, marital status, age, disability, sexual orientation or sex.

We provide free aids and services to help people communicate effectively with us, such as:

- Qualified sign language interpreters, call 612-273-3780.
- TTY for hearing and language impaired, dial 711.
- Qualified spoken language interpreters, for people whose preferred language is not English, call 1-844-278-9798
- Written information in other languages and formats (such as large print, audio and accessible electronic formats), call 612-273-3780.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, creed, religion, national origin, marital status, age, disability, sexual orientation or sex, you can file a grievance with your facility in person or by mail, fax or email. The contacts listed below will help you. For a copy of our grievance procedure, go to: <http://www.fvfiles.com/524620.pdf>.
